

CROP DAMAGE CLAIM FORM

1. Because the water board is made up of all volunteers, we are attempting to simplify crop damage claims. The Board has therefore established the policy that the landowner or tenant must file a claim or it is understood that they are foregoing any claim.
2. Because of the need to close out the project loan, crop damage claims should be made within 60 days following the harvest of the crop. This form or a reasonable facsimile must be completed and returned to :

3.

Bond Madison Water Company
103 Park Street
P.O. Box 287
Pocahontas IL 62275

4. All claims will be paid by one check to the person submitting the claim. Person submitting the claim will be responsible for the division of that payment to owner(s)/tenant(s).
5. The Board will establish a price using an average of published prices over a period of time during the harvesting of the crop plus an additional premium. If you expect a higher price than what has been established by the water company, documentation as to the higher selling price must be provided.
6. Inspectors at the job site will measure the amount of area damaged.
